

FOR THE PERSONAL ATTENTION OF THE DIRECTOR

DECODING THE CRIMINAL ASYLUM RACKET:

THE CASE OF THE SOUTHERN CAMEROONS.

Director, Office of Internal Audit

425 Eye Street, NW,

Room 3260

Washington, D.C. 20536.

May 15, 2006.

Dear Director:

I am grateful for being alive to have the honor most respectfully to introduce myself to you and to bring to your urgent attention a very disturbing circumstance that has been troubling my mind and affecting the image of my Movement and the CAUSE for the FREEDOM of my People, which I have sworn to die for if possible.

Briefly, let me introduce myself to you. I am **Ebenezer Derek Mbongo Akwanga., Jr.**, former Student Leader, Human Rights Activist, Pro-Democracy Campaigner for Africa and a Founding Father and Leader of the Southern Cameroons Youth League, known by many in the Diplomatic Cycle as The Youth League or the SCYL. I was framed-up in 1997 and arrested by the Biya Occultist Barbaric Dictatorship, brutally and inhumanly tortured, tried in a Military Tribunal and sent to jail for 20 years for what Yaoundé called “**acts of secession and insurrection against the State**”.

After almost seven years of a brutal and illegal incarceration, with two of those years spent in solitary confinement. I was by an act of history and God rescued from the Kondengui Maximum Security Prison of Yaoundé while under-going medical treatment for torture related illnesses by a Special Squad of Members of The Southern Cameroons Defense Force (SOCADEF).

I spent almost three years in the Federal Republic of Nigeria, narrowly escaping from four assassination attempts by the Biya Kleptomancy and finally was brought into the United States following the United Nations High Commission for Refugees and the U.S Government Resettlement Program. I am presently residing in the City of Upper Marlboro in the beautiful State of Maryland.

UNMASKING THE CRIMINAL ASYLUM NETWORK

The purpose of this letter is to bring to your urgent attention and to the full knowledge of the Government of the United States of America a formal written complaint about the fraudulent activities of certain group of Southern Cameroonians and citizens of La Republique du Cameroun who have been at the front of a criminal asylum network made up of Lawyers,

Members of the disgraced Social Democratic Front Party and the Southern Cameroons National Council, the SCNC.

When we started the Southern Cameroons Youth League in May 1995, our unique and only goal or objective has been and remains the total and unconditional freedom of our Homeland from the hands of these men and women of evil, implanted by Gaullist France with the sole purpose of dehumanizing our people and forcing us to perpetual servitude. But it is rather unfortunate that while our members are being arrested with each passing moment back in the Southern Cameroons, being tortured mercilessly by a gang of demon – incarnated gendarmes, others murdered in cold blood on the Streets of Victoria, Bamenda, Mamfe, Kumbo, Oku, Kumba, Bechati, Bali and other towns of our beloved Country. While many families have been single out by the Butcher of Yaoundé because of their stand in the Southern Cameroons Struggle, our sisters and mothers being frequent victims of acts of rape by these dreaded tarantulas call gendarmes, others are out here in the United States with a powerful team of political charlatans and misfits back in the Southern Cameroons making a mockery of our sacrifices by turning this noble of all CAUSES as an instrument of fraud, an opportunity to make fast and illegal wealth for themselves.

- That, Lawyers of Southern Cameroons origin and other non-citizens of the Southern Cameroons collect up to the amount of US \$ 4000.00 to prepare legal documents and falsified support documents from the Southern Cameroons MUST no longer be tolerated;

- That, people who have never belong to any of the Movements for the Southern Cameroons Cause for FREEDOM are today in the United States demanding political asylum with the support of members of one of the numerous factions of the Southern Cameroons National Council MUST no longer be tolerated;

- That, people pay for false Newspaper write-ups claiming that they are WANTED by the Biya regime for their activities within the SCNC and the SCYL, pay for fake Police and Gendarmerie Summons known in French as “convocations”, pay for fake Prison release knowing they have never gone closer to the walls of any detention house or prison, pay for fake membership cards and affidavits of support at times running to the tone of US \$ 2500.00 MUST no longer be tolerated;

- That, Factional Executive Members of the SCNC, after collecting large sums of money, accepts to go to Court to testify for cases for individuals whom they really have never known, but truly know that they are not here because of the Southern Cameroons Cause but for reasons which have nothing to do with political persecution, and that they even swear under penalty of perjury while deceiving the Asylum Judges of haven known these individuals to the extent of them being granted asylum MUST no longer be tolerated;

- That, while these Criminal Network goes on unabated, hundreds of our people are dying in jails all over the Southern Cameroons and far away La Republique du Cameroun;

- That, while these Fraudsters are proud of making up to US \$ 2000.00 for just a day as false witnesses for fake members in Asylum Courts, millions of Southern Cameroons children go to schools with no benches, parents go to bed with no hope of feeding their children the next day, girls and daughters get pregnant as they struggle through prostitution to make ends meet, boys become petty thieves and marijuana smokers because life has become meaningless to them. These MUST no longer be tolerated.

I can go on and on because my heart is bleeding and I am still struggling to come to terms with these acts of greediness, cheating and wickedness and I am really wondering what makes people so selfish that they will decide to use the predicament of others to enrich themselves. Why is man so wicked? Christians will turn to the slaying of Abel by his brother Cain as the source of human wickedness. But to me and the Southern Cameroons Youth League, the answer lies in the flaws of bureaucracy which turns the hand of justice so slowly making it possible for GANGS like these to go unnoticed and for a very long time. The SCYL believe that an end to this GANGSTERS will be the only forward for us to achieve our goal for FREEDOM because as long as these men and women are allowed to continue with these illegally trading of the Cause for freedom, they will do everything within their reach to frustrate every true meaningful plan that will bring a positive end to our Struggle and put them out of “**business**”.

I know fully well that every individual who feels persecuted has a right to seek for protection. But the issue at stake is not their seeking for asylum from your government but the fact that they are seeking it under the banner of Movements that they are not members, sympathizers nor well-wishers nor have they ever militated in any. They are using the sufferings of a people who have given everything to stand for what is right. This MUST no longer be tolerated. We MUST no longer accept these men and women who consider money above mankind. How could we accept that the Southern Cameroons Cause has become an issue of human trafficking were Factional Leaders collect huge amount of money, at times close to 3.000.000frs CFA from simple citizens with a guise to bringing them in the United States as members of his delegation on tour. He deceives the U.S. Embassy authorities in Yaoundé to get the visas, fly them into the United States, and after a month or three, he goes back to his business site – the Southern Cameroons and prepare another fictitious trip? And yet no one seems to care about this and what image it will be on our Cause if discovered by your government? How could we accept that fake musical and dance groups tours are organized in Europe and the US by some of these Factional Leaders of the SCNC with their family members as a means to take their love ones abroad?

It is a truism that the Southern Cameroons is under siege and that during the last ten years, the crackdown on activists by the Biya Dictatorship has skyrocketed. It is a truism that the Biya kleptomancy has made the entire Southern Cameroons a very big prison yard for the brave. It is equally true that as the Yaoundé regime escalates its barbarism, the number of Southern Cameroons Exiles have equally increased. But what is painful is that activists like Edwin Mekanya Kamara, Paddy Menkem Nembu, Thomas Nyenty Nkeng, Mary Koso Ngwenda and a host of others whose lives have been on a cross-fire are still struggling to obtain political asylum here in the United States because they have refused to dance the dance of the Network, while Kumla Jaimo Mzeka, Benedicta Bih Ngwana and others who do not belong to either of the Movements are either roaming the streets here with asylum approvals from your Courts. We have decided to bring this tournament to an end because freedom not asylum is our goal and if anyone is to be protected, it MUST be those who truly deserve it.

LYING AND CHEATING: A CRIME AND A SIN

Dear Director, in all my years at the helm of the Voice of America Fan Club in Cameroon, there were two vital issues which I learned from the beautiful American Democratic Set-up, and which I impacted upon my members: that the faces of liars and cheaters are the same but has no place in the American Society, a Society whose envy by others has brought untold sufferings to millions of its innocent people around the World. I am wondering and asking

myself of what has gone wrong with this best of judicial system around the World that charlatans and political misfits from the Cameroons are being allowed to lie and cheat under oath right here in the corridors of power in the United States. I wonder how often has the Immigration Courts and their Officers taken enough time to verify facts about these groups of postulates who go around destroying the image of my Movement and thus bringing to World ridicule the Cause for Freedom which many have given their life for.

Today, the Southern Cameroons National Council, the SCNC has become a household name for those seeking political asylum in the United States. Some are passing as false relatives to the Leader of the SCYL, while many others have either participated in the Independent Proclamation over Radio Buea by Justice Frederick Alobwede Ebong and in the historic and dramatic rescue from jail of the Leader of the Southern Cameroons Youth League (SCYL). It is indeed regrettable! But I write to you today so that we can both put a stop to these men and women of opportunity who do not have petty and take mercy on those who are suffering in the hands of the Butcher of Yaoundé. I write to you today so that these liars and cheaters can be brought to book. I write to you today because my people are suffering while the SCNC in its numerous factions try to outsmart one another in the signing of fake asylum documents for the purpose of enriching themselves. I write to you today because your Government knows these men and women, and have the power to stop them NOW. I write to you today because I am determine to use the last degree of energy in my bones, the little left on me by my torturers to make sure that this Criminal Asylum Racket MUST be decoded and all those involve should pay the price they deserve. I write to you today because it is the duty of my persecuted generation to stand for what is right and just. I write to you today because the simple ethic of the Moral Universe demands this from me. I write to you today because of the very foundation of truth and justice for all in which the great United States of America was founded many years ago by Thomas Jefferson and his peers. I write to you today because I demand justice for my people, the people of the Southern Cameroons who are daily being robbed by these burglars within through illegal asylum deals, being robbed of millions of dollars that would have been invested in our Cause to take us out of the brutal and demonic grip of the BIYA TYRANNICAL REGIME. I write to you today because unless your Government and people are prepared to help us put a stop to this act of public disgrace and international shame, then these criminals will go on untouched to the detriment of our Cause and the goals of spreading freedom to all the corners of the World. You are the beacon of hope for my people. Your Country is a symbol of what we want for ourselves, a symbol of what our parents enjoyed before everything was trickery taken away from them in 1961. Lying is a crime against U.S Law and a sin before God. Cheating is equally the same.

PROPOSITION

I wish to make the following proposals as a way forward in bringing an end to this GANG of Liars and Cheats.

- That, the Southern Cameroons National Council, the SCNC is made up of FIVE FACTIONS:

- SCNC Ayamba

- SCNC Fossung

- SCNC Ebong

- SCNC Mbu

- SCNC Bland

And these factions are created with the sole objective of having the power of attorney to sign asylum claims and put the money in their pockets. That this rivalry to lie and cheat upon the people and deceive Western Democracies has only given the Yaoundé dictator the opportunity to continue his reign of terror unabated against my people. I am therefore proposing that all further asylum or other documents sign by any of these factions should not be considered until they are able to come together for the purpose for which the Movement was formed: “to lead the people to freedom.”

- That, these factions have created a network of documentation centers in the Southern Cameroons beginning from false Newspaper reports, fake police and gendarmerie summons, fake membership cards, fake hospital medical certificates and human rights reports with fake stamps of the Movement. That, to therefore decode these fake documents, the SCYL is appealing on your Immigration Department and all those concern with asylum issues to work hand in hand with us on a “**no fee charges**” to dislodge and if possible bring to book those concern.

- That, all asylum cases for the last five years involving all those who had demanded political protection under the auspices of the SCYL, the SCNC and the Ambazonia Movements should be recalled and the SCYL Leadership presently in the United States will avail itself to help sort out those whose cases are genuine and truly deserve the protection of your Government and Country.

- That, the Department of State, the Department of Justice and the Department of Homeland Security should work with the Southern Cameroons Youth League Leadership in bringing a rapid and positive end to this Criminal Gang.

The SCYL will not want a citizen of the Southern Cameroons who deserve protection to go unprotected while opportunists benefit from the sufferings, the sweat and the blood of those back in our Country. We had refused that no one will make us slaves again, not even in our hearts. We are therefore not prepared to accept these “**band of political failures**” to use our

Cause for their personal enrichment. When we said no to Biya's slavery, we were not in other words saying *yes to a gang of thieves who have put our names and achievements in the asylum trade market for the highest bidders.*

I am sorry for taking your precious time with such a lengthy letter. But, what else can someone like me whose peoples' sufferings are being used for ulterior motives and gains by those who are supposed to be seen working for their uplifting and protection, than think long thoughts and write long letters. If I have written anything wrongful and my approach has been undiplomatic, I beg you to forgive me. I am just a Crusader for Freedom not a diplomat or politician. But if I have written something that understates the reality of the situation of my people and the activities of these factions of vampires, I beg God, my Creator to forgive me. On the other hand, if I have written something that overstates the truth and exposes my human emotion in working for the Freedom of my people, I equally beg God to forgive me. I hope that never again will I be compelled by such sadden and dishearten situations to write such a lengthy letter. May the Good Lord, the God of all understanding, guide you and all those involve in making a decision to these complaints, the wisdom to do so.

Sincerely,

Subject: A Call for the Rejection of the Asylum Claim and the Prosecution of Ms. Achu Achange Doris for political usurpation of Membership into the Southern Cameroons National Council and involvement in fraudulent Asylum Request and the Termination of the Asylum Status of Nicolas Nguh Santo.

Dear Sir / Madam:

Sometime between May and June 2006, some four months after my resettlement to the United States of America, I wrote a letter to the Director of Office of Internal Audit in 425 Eye Street, NW, Room 3260, Washington, D.C. 20536 captioned: "Decoding the Criminal Asylum Racket: The Case of the Southern Cameroons." Actually, the letter was intended for the Department of Homeland Security and the Department of Justice, two areas of the Executive Branch of the Government of the United States which deals directly with issues concerning immigrants seeking political asylum under international law and protection. However, I was contacted by phone by a Special Agent whose names I can't recall who wanted to know exactly what action I expected from my letter. Then I got another call from a Senior Immigration Officer, Mr. Ted Vawter who works in the Office of Fraud Detection and National Security at the Department of Homeland Security in Washington, D.C. Within a short space of time, Mr. Vawter organized two meetings between himself, the former Acting Director of the Baltimore-based Asylum Office, Mr. John Kramer, two members of his staff, me and my private secretary.

The meetings and my continuous communication with Mr. Vawter had been frank and straight to the point, but seems not to have got the success I intended or envision in stamping out this shocking, disgraceful and criminal attitude of many of my countrymen and women. By and large, the strength and network of this sinister and criminal asylum cartel has increased ten-fold and continue to belittle international on the matter of political asylum and worsening the case for freedom for the majority of my suffering, persecuted, demeaned, dehumanized, depersonalized and thingified people of the former British Southern Cameroons. Once more, I have decided to inject myself even at the risk of my life and the image of my political Movement vis-à-vis those to whom many of us have risked so much including our lives to make sure that one day our children and our children's children would say a day of true freedom and justice in a dignified nation under God.

Briefly, let me introduce myself to you. I am Ebenezer Derek Mbongo Akwanga., Jr., former Student Leader, Human Rights Activist, Pro-Democracy Campaigner for Africa, member of the Standing Committee of the Southern Cameroons Peoples Conference, SCPC which gave birth to the Southern Cameroons National Council, the SCNC, member of the Executive Committee of the Southern Cameroons Restoration Movement, SCARM formerly the Cameroon Anglophone Movement, Executive Council of the Cameroon Anglophone Student

Association, CANSA, Founding President-General of the Voice of America Fan-Club in Cameroon for more than a decade, and a Founding Father and Leader of the Southern Cameroons Youth League, known by many as The Youth League, The League or the SCYL. I was framed-up in March 1997, kidnapped and smuggled to Yaounde by the regime of Paul-Bartholomew Biya Bi Mvondo where I experienced not just the worst blights of torture, but the most horrific inhuman and degrading treatment. I was tried in a Military Tribunal and sent to jail for 20 years for what Yaounde called “acts of secession and insurrection against the State.” After two years in solitary confinement at the Mfou Special Prison and five years in Yaounde Maximum Security Prison of Kondengui neighborhood, one of the most notorious detention centers in the World, I was by an act of history and Divine Providence rescued from jail while under-going treatment for torture-related complications including paralysis of my lower limb, impaired vision, epigastria ulcer, post traumatic stress disorder, etc. I spent thirty-six months in the Federal Republic of Nigeria, narrowly escaping four assassination attempts sponsored by the Biya regime and was finally resettled in the United States through the United Nations High Commission for Refugees, UNHCR and the Department of Homeland Security. I am presently living in the City of Upper Marlboro in the beautiful State of Maryland.

As a people whose land is occupied and a land where Amnesty International describes torture as systematic and widespread, our people should have the possibility of demanding and receiving asylum. The principle of *non refoulement* as a foundation of international law is defined clearly in the 1951 Geneva Convention of the right of refugees. *Article 33 (1) of the Geneva Convention states that “No Contracting State shall expel or return (“refouler”) a refugee in any manner whatsoever to the frontiers of territories where his life or freedom would be threatened on account of his or her race, religion, nationality, membership of a particular social group or political opinion”* But the Geneva Convention also defines a refugee as a person who ‘...owing to well-founded fear of being persecuted for reasons of race, religion, nationality, membership of a particular social group or political opinion, is outside the country of his nationality and is unable or, owing to such fear, is unwilling to avail himself of the protection of that country; or who, not having a nationality and being outside the country of his former habitual residence as a result of such events, is unable or, owing to such fear, is unwilling to return to it.’.

Those people with a well founded fear with respect to membership to the SCYL, SCNC and other groups fighting for the independence of our land are many. But this can not cover those who have been militating or supporting the CPDM that is the party in power and whose leadership runs the government responsible for the persecution of millions of our people. Tens of thousands of our people who have sympathise with the corrupt Yaounde regime for beneficial purposes and who have later faced the economic down turn caused by the corrupt regime and easily had the possibility of obtaining visas.

The lack of hard evidence like a membership card of their membership in any of the Movements or any other documentary evidence of their membership have encouraged the corrupt regime of illegal membership cards, fraudulent affidavits and attestations and at times the duplication and forging of the signatures of leaders.

The corruption regime has been compounded by a fractured SCNC leadership with competing leaders vying to outsmart one another in the asylum business. Added to this fraud are the host nations of these asylum seekers. Their inability to investigate through the appropriate channels and putting in more resources to investigate these submitted documents, contacting

the right persons and asking the right questions have only added to the problem of asylum fraud and an overall discrediting of our struggle for a separate homeland.

The next problem we are compounded with is the United States obligation under the **Convention Against Torture**. The United States has an obligation under CAT to protect victims of torture. Even before signing up to CAT the U.S. protected victims of torture based on customary international law and the peremptory norm of *jus cogens* which is binding to all nations as a customary practice. These values have been used by lawyers of these fraudsters to argue on a blanket basis that because La Republique du Cameroun is considered as a country that practices systematic torture, it will contravene United States international obligations to be seen deporting people to La Republique du Cameroun. This is a valid argument only when the asylum applicant is credible. But the cases here below do not only contravene the Charter and Spirit of CAT, but truly exposes the tentacles of the Asylum Cartel, but shows that these fraudsters like Chameleons know how to disguise their trail.

The Case of Achu Achange Doris Pending at Bloomington Immigration Court in Minnesota

One of the most glaring examples of organized fraud that stretches from the hinterland of the Southern Cameroons across the Atlantic Ocean to the shores of the United States is the case of Ms. Achu Achange Doris, currently residing at 11081 Cresthaven Trail, Woodbury, MN 55129-6802.

Born on the 2nd of September, 1975 in Nkwen-Bamenda with the last four digits of her Social Security Number as 9047 has never militated nor sympathize with the Southern Cameroons struggle either through the SCNC as the fraudulent testimony of ***Eric Tita Moh-Takwi*** states through an affidavit presented by him on Ms. Achu Achange Doris behalf (Exhibit A) or through any of the other Southern Cameroons Movements and Organizations. Ms. Achu Achange Doris who had lived temporarily in South Africa but was unable to gain political asylum there moved to South America through a trafficking network in view of her preparation to enter the United States illegally by car. The purported SCNC Membership Card with ***Serial Number 05418*** (Exhibit B) which Ms. Achu Achange Doris has submitted as part of her deposition for asylum was signed by the same Eric Tita Moh-Takwi, holder of ***Alien Registration Number 095-240-248*** and ***Social Security Number 216-63-9811*** who had himself seek political asylum through fabricated stories of lies and false persecution. Mr. Moh-Takwi impersonated himself as Nfor Ngala Nfor, the Vice-Chairman of the Ayamba Faction of the SCNC (Note here that Mr. Nfor Nfor is not a doctor in any sense and the title he carries as Dr. Nfor Ngala Nfor is a usurpation of titles not linked to any academic achievements).

Ms. Achu Achange Doris who has seek the legal counselling of **Karam Law** of Bloomington under the auspices of **Marc Prokosh** became convinced that her illegal asylum demand and criminal activities of presenting a fake story and documents under penalty of perjury might not be successful and thus resolved to the “old but phoney strategy” of tacitly inducing a United States citizen in having a child, hoping that if her asylum goes sour, she could still be allowed to stay in the country based on her being the mother of a child of the United States. Ms. Achu Achange Doris is just a part of this dangerous trend, who, when faced with the possibility of failure of obtaining asylum through the immigration court after an earlier refusal by the asylum office, engaged in shameless marriage contracts with United States Citizen amounting at times to nothing less than US\$10,000 (often paid instalmentally). The Southern

Cameroons Youth League has been investigating the case of Ms. Achu Achange Doris and more than 500 other suspicious cases for close to a year now from a series of documents retrieved from the former office of the Southern Cameroons National Council in North America and through the covert activities of the The Youth League Intelligence Unit. The findings including the names of all the parties concerning in this Asylum Cartel would be made available to the Departments of Justice and Homeland Security.

Recommendation:

In the case of Ms. Achu Achange Doris, the Southern Cameroons Youth League is recommending the following:

- that her request for political asylum is rejected by **Judge Olmanson, Kristin W. of the Immigration Court in Bloomington** on the basis of presenting a false request with the aid of fraudulent documents under penalty of perjury;
- that she should be prosecuted for lying under oath and conniving with Eric Tita Moh-Takwi in presenting a false asylum claim backed with fake documents under penalty of perjury to discredit not just the Southern Cameroons struggle for a separate Homeland, but the hospitality, vigilance and good work of the government of the United States;
- And finally to depot Ms. Achu Achange Doris from the United States back to La Republique du Cameroun because her fears for political persecution are not just unfounded but outright lies and innuendo. Her deportation would also serve as a warning for all those still involve in this Fraudulent Asylum Cartel;
- The asylum status of Eric Tita Moh-Takwi, holder of Alien Registration Number 095-240-248 and Social Security Number 216-63-9811 should be revisited and terminated because his claim too was based on a pack of lies backed with documents dully paid for. Worst of all, Eric Tita Moh-Takwi has not only constantly lie under the penalty of perjury on behalf of individuals with false asylum demands, but has organized, orchestrated, and master-minded the issuing of false support documents for asylum under the Southern Cameroons Struggle, most of the documents paid for by these individuals falsely claiming membership into the SCNC which he only became “a member” by default here in the United States (Enclosed are six (6) Western Union Money Transfer Customer Receipts and one (1) Moneygram Customer Copy of financial transactions between himself and **Charles Mbide Kude**, one of Mr. Moh-Takwi’s **point-person responsible** for endorsing most of the false asylum claims from back home in the Southern Cameroons. It should be noted that though Charles Mbide Kude often endorsed the false claims as the Secretary-General of the Southern Cameroons National Council, he had long been removed from this position in 2004).

The Case of Santo Nicolas Nguh already Accorded Political Asylum on False Grounds

As thousands of Southern Cameroonians and citizens of Cameroun continue to illegally and fraudulently seek and obtained political asylum in the United States and in other Western European countries, nothing is worst than the case of known members of the dictatorial ruling clique in La Republique du Cameroun, who, after having militated with the political arm of Cameroun brutal dictatorship, the **Cameroon Peoples Democratic Movement, (CPDM)** with its affiliate organs like the **Auto-Defense** (a paramilitary wing of armed citizens typical to *Iran’s Basily militia* geared towards terrorizing pacific demonstrators) and **PRESBY** – President Biya’s Youth (a brutal political wing aimed specifically at targeting student

activists around the two countries), easily gets a visa from the embassy of the United States in Yaounde and the other Western European embassies and then fly into any of these countries and seek for political protection by paying huge sums of money to the members of the SCNC Asylum Cartel. The Asylum Cartel then fabricate a story with false arrests and persecutions, involving false medical certificates and police or gendarmerie summons easily typed on the streets of Kumba, Victoria, Old Town in Bamenda, Nkwen and other villages, towns and cities in the Southern Cameroons. Some of these documents are even fabricated in La Republique du Cameroun, some Western European cities and here in the United States. From impersonation to usurpation, from outright lies to organized fraud, the SCNC Asylum Cartel has almost become the Cameroun Mafia involving morally bankrupt religious leaders and traditional custodians like Chiefs and Fons, members of the ruling clique and gluttonous thieving individuals within the SCNC and some other Southern Cameroons Movements. The case of *Nicolas Nguh Santo* falls within this group.

Nicolas Nguh Santo was born at Bafreng-Bamenda on May 29, 1972 to *John Burno Santo* and *Sabina Ngwetang*. He had claimed in his asylum request that his membership with the Southern Cameroons National Council, the SCNC began on the 2nd of January, 2004 (Nicolas Nguh Santo had *never ever militated* in any of the Southern Cameroons Movements or Organizations. Instead he had been and remains an active high-profile member of PRESBY – President Biya’s Youth, a brutal political wing of the ruling CPDM political party which used poisoning, betrayals, night-shift attacks on opponents, destruction of properties of students who do not adhere to the moral norms debasing the Southern Cameroonians and Cameroun people. PRESBY was founded as a counter to the Southern Cameroons Youth League (SCYL), and the Central Committee of the Cameroon Peoples Democratic Movement has armed and finances it since its inception).

Nicolas Nguh Santo joined PRESBY in late 1994 while a student in the University of Buea where he was involved in a series of organized attacks and destabilization of student’s academic progress on behalf of the Biya regime. I have personally known Nicolas Nguh Santo during my days as the Pioneer Student Union President of the University of Buea. As a member of my Campaign Team, he was voted into the post of Auditor of the Student Union, a position which facilitated his access to the negative side of student leadership for so many years. His claim of having been arrested on two occasions – on the 29th of December, 2005 (on the grounds that he was sponsoring the SCNC and also being accused as an accomplice in the escape of detainees from prison) and the 27th of April, 2006 (on charges of the importation and possession of ammunitions to use for war for the liberation of Southern Cameroons, attending an unauthorized SCNC meeting in Oku, and failure to respect his bail terms) are all outright lies faked, construed and consummated by him, Eric Tita Moh-Takwi, Nfor Ngala Nfor, Tamnjong Dominic and Sylvanus Taniform (A close reading of the false affidavits signed under penalty of perjury by Eric Tita Moh-Takwi on the 18th of January, 2006 and Nfor Ngala Nfor on the 13th of October, 2006 – *Exhibits C and D* respectively shows a great contradiction on when he was arrested and purportedly locked up in the Central Prison of Buea).

However, the SCYL wish to state categorically that Nicolas Nguh Santo actually known as Santo Nicolas Nguh had contacted the Southern Cameroons Youth League while he was in Germany in the year 2000 seeking for assistance for a case for political asylum which he had deposited with the then Bundesamt fuer Annerkennug Auslaendische Fluechtlingen (Federal Office for the Recognition of Foreign Refugees) and now known as the Bundesamt fuer

Migration und Fluechtligen (BMF) with Headquarters in Nuremberg, Federal Republic of Germany. The SCYL responded to Nicolas Nguh Santo by telling him that:

- He had never ever supported or militated in any of the Southern Cameroons Movements and thus can not receive any assistance from The Youth League;
- He was a registered and high-profile member of PRESBY – President Biya’s Youth, noted for numerous atrocities against the pro-democracy student population, and this alone disqualify him from obtaining any support from the SCYL or even to be granted political asylum by the German Government;
- He had sold his conscience and betrayed his peers at a time when they badly needed him to stand for what was right and true and he can not at this moment expect something different from any of those he had plotted against with support of the Biya regime;
- As a member of the all-powerful PRESBY he truly faces no persecution but has instead benefited from the sufferings, hardship, persecution, arrests and killings of many Cameroonian students, so the best place for him to be is in Cameroon where he has the power to decide the fate of millions of students;
- The SCYL would directly contact the Federal Office for the Recognition of Foreign Refugees to make sure that he was not granted political asylum
- To authenticate these information, the Bundesamt fur Migration und Fluchtlinge could be contacted through the address herein: Bundesamt fur Migration und Fluchtlinge 90461 Nurmberg, Franenstrasse 21090343 Nurmberg; Telefon: +49 911 943-0; Telefax: +49 911 943-1000; E-Mail: info@bamf.de

Nicolas Nguh Santo flew from Germany to Belgium when his asylum case was rejected. He lived in Belgium illegally for a few more years and was impeded by the Dublin Convention from demanding asylum again in Belgium. During his stay in Belgium, he met a few times with the Scribe of the SCYL Lucas Cho Ayaba whom he had earlier contacted in Germany for assistance for his case as stated above (*Exhibit E* enclosed is a picture of five persons – third from left with a grey coat, a blue shirt, a black tie with orange strips and wearing glasses is Nicolas Nguh Santo and at the extreme right with a blue jean, a black jacket and a black cap is Lucas Cho Ayaba, the Secretary-General of the Southern Cameroons Youth League. This picture was taking in Germany).

I have personally met Nicolas Nguh Santo sometime between in June 2008 in a meeting of the SCNC were he was passing as the Secretary-General of Eric Tita Moh-Takwi. He was frightened to see me and I was utterly shocked and in total disbelief to know he was already an asylee. I told him that I have been told that he had been granted political asylum under the SCNC but that he knows fully well that he did not deserve the status because he was not and had never been a member for any of the Southern Cameroons Movements. I immediately asked Eric Tita Moh-Takwi to hand-over his file to me but he pretended of not knowing where it was. I then told Nicolas Nguh Santo that as soon as I stumbled on his, I am going to do everything possible to make sure that the authorities concern should know of the great lies he had presented for his asylum case and those who in one way or the other are involved in this asylum cartel.

Recommendation:

In the case of Nicolas Nguh Santo, the Southern Cameroons Youth League is making the following recommendation:

- That his present asylum status should be terminated because he had never belong to any of the Southern Cameroons Movements and the story he wrote including the dates of arrests are outright lies concocted by himself with the assistance of persons like Sylvanus Taniform and Eric Tita Moh-Takwi, and the affidavits of support he presented from Eric Tita Moh-Takwi (*Exhibit D*) and Nfor Ngala Nfor (*Exhibit C*) are equally false documents sworn under oath of penalty of perjury;
- That Nicolas Nguh Santo was never arrested at any time for the sake of the Southern Cameroons Struggle and had never been to the town of Oku in Bui Division but took advantage of the sufferings and persecutions of those who were arrested from there in 1997 to build up a frivolous and deceiving story;
- That Nicolas Nguh Santo remains a long-time high-profile member of PRESBY – President Biya’s Youth and thus can not in any way be a menace to the very regime that quietly sponsors the diabolic activities he has been engaging in against pro-democracy students in the Southern Cameroons and Cameroun;
- That, the fact that Nicolas Nguh Santo had a failed asylum bid in Germany after being unable to lure the SCYL into a shady asylum deal and then fled to Belgium when the Germany immigration wanted him deported is evidence enough to prove that his goal has not been political but one motivated with a zeal to settle abroad for greener pastures (*Exhibit E* – the picture is proof of this);
- That Nicolas Nguh Santo and all those resident within the territorial borders of the United States who have lied under the penalty of perjury should be prosecuted to let others in the Asylum Cartel know that there would be no more free pass;
- That Nicolas Nguh Santo should be placed in deportation because his whole case including documents does not only rely on falsehood, but he is of no threat, before or now to the very regime that he continue to stand side-by-side with in every action against the people of the Southern Cameroons

Sir / Madam, the SCYL will not want a true citizen of the Southern Cameroons who duly deserve political protection to go unprotected while opportunists continue to reap from the sufferings, the sweat and blood of those who have given in everything for the Struggle of obtaining a Homeland for the People of the Southern Cameroons. We have refused to continue down the path of slavery, and have vowed that no one or persons shall make us feel or treat us this way again, not even in our hearts. We are therefore not going to sit idly-by and allow these the Asylum Cartel to continue to use our Struggle for their personal enrichment. When we said no to the regime of Paul-Bartholomew Biya Bi Mvondo, we were not in any way saying yes to gangs of asylum racketeers who have put our names and achievements in the asylum trade market for the highest bidders. The SCYL is ready at all times to assist in decapitating this criminal Asylum Cartel.

Sincerely,

Ebenezer Derek Mbongo Akwanga, Jr., AACJ, BSc CJA (October 2009)
